AVAILABLE SIZES

Impact and Cut Resistant Welding Gloves, Goatskin lined with Kevlar aramid fabric for heat and cut resistance

FEATURES:

- **Premium Goatskin Leather Construction** – Ensures high dexterity, flexibility, and comfort for precision welding tasks.
- **Kevlar® Aramid Lining** – Provides Level A6 cut protection and heat resistance for superior safety.
- **Split Leather Reinforced Palm & Fingers** – Enhances grip strength and durability in high-contact areas.
- **Impact Protection with TPR Design** – Absorbs shock, disperses force, and minimizes hand injuries.
- **Puncture & Abrasion Resistance** – Level 4 puncture protection for handling sharp materials safely.
- **Hi-Viz Reflector Tape on Leather Cuff** – Improves visibility and safety in dark environments.
- **Fire- & Heat-Resistant Design** – Shields hands from sparks, flames, and welding hazards.

INDUSTRIES:

- **Welding & Metal Fabrication** – Essential for TIG, MIG, and industrial welders.
- **Oil & Gas Industry** – Supports workers handling fuel, pipelines, and refinery operations.
- **Mining & Raw Materials Processing** – Provides cut, heat, and impact resistance for excavation workers.
- **Automotive & Mechanical Engineering** – Shields technicians from burns, cuts, and abrasions.
- **Construction & Heavy-Duty Manufacturing** – Ensures long-lasting performance in demanding environments.
- **Power Generation & Utilities** – Protects workers exposed to extreme heat and mechanical hazards.

APPLICATIONS:

- **TIG & MIG Welding Operations** – Ensures heat protection and superior grip control.
- **Industrial Metal Fabrication** – Shields workers from sparks, abrasions, and impact hazards.
- **Pipeline Maintenance & Oil Refinery Work** – Provides heavy-duty safety for extreme environments.
- **Steel Mills & Foundry Handling** – Protects against high-temperature metal exposure.
- **Shipbuilding & Automotive Repairs** – Enhances hand protection while handling mechanical tools.
- **Mining & Heavy Equipment Operations** – Ensures safety in rugged and abrasive conditions.
