Impact and Cut Resistant Mechanics Style Gloves

FEATURES:

- **Premium Goatskin Leather Palm** – Provides exceptional durability and abrasion resistance.
- **A6 Cut Protection** – Shields hands from sharp edges, machinery, and hazardous materials.
- **Cool Mesh Venting System** – Enhances airflow by 60%, ensuring breathability and comfort.
- **TPR Backhand Shielding** – Offers Level 2 impact protection for knuckles and fingers.
- **Reinforced Thumb Saddle** – Strengthens high-wear areas for extended durability.
- **Slip-On Cuff with Hook & Loop Closure** – Ensures secure fit and wrist stability.
- **Ergonomic Wide TPRS Design** – Provides flexibility and pinch-point protection.

INDUSTRIES:

- **Automotive & Heavy Machinery** – Provides cut and abrasion resistance for mechanics.
- **Construction & Engineering** – Protects against sharp edges, impact hazards, and abrasions.
- **Manufacturing & Metal Works** – Designed for precision handling of industrial materials.
- **Oil & Gas Sector** – Ensures worker safety in high-impact environments.
- **Logistics & Warehouse Handling** – Improves grip and control for package handling.
- **Emergency Response & Rescue Teams** – Offers essential protection in hazardous conditions.

APPLICATIONS:

- **Automotive & Mechanical Work** – Protects against sharp edges and impact hazards.
- **Construction & Heavy Equipment Handling** – Shields hands from abrasions, impacts, and punctures.
- **Metal Fabrication & Manufacturing** – Provides cut resistance for handling sharp metal components.
- **Oil & Gas Industry** – Ensures safety in high-impact environments.
- **Warehouse & Logistics Handling** – Enhances grip and safety for heavy-load workers.
- **Emergency Response & Rescue Teams** – Offers critical hand protection in hazardous operations.
