AVAILABLE SIZES

Impact & Cut-Resistant Gloves - A6 Protection & Vibration Dampening for Industrial Work

FEATURES:

- **Padded Palm for Vibration Dampening** – Reduces strain and enhances comfort during material handling.
- **TPR Impact Protection** – Shields fingers and knuckles from forceful impacts while maintaining flexibility.
- **Kevlar® Aramid Fabric Lining** – Ensures **A6 cut resistance**, protecting against sharp materials.
- **Premium Goatskin Leather** – High tensile strength and abrasion resistance for long-lasting durability.
- **Ultra-Comfortable Gel Padding** – Absorbs shock, improving grip and reducing hand fatigue.
- **Black Gauntlet with Hi-Viz Stripping** – Provides arm protection and enhances visibility in low-light conditions.
- **Available in Multiple Versions** – Includes **winter model (3TTGNLC6)** and **higher cut levels (A2-A9)** for tailored protection.

INDUSTRIES:

- **Oil & Gas Exploration** – Essential for rig operators, pipeline workers, and field professionals.
- **Steel & Metal Processing** – Shields against abrasions, heat exposure, and cutting hazards.
- **Manufacturing & Production Facilities** – Enhances worker safety for industrial machinery handling.
- **Mining & Excavation Operations** – Provides impact and cut protection in extreme conditions.
- **Utilities & Maintenance Services** – Ensures secure grip and durability in wet and hazardous environments.
- **Construction & Heavy-Duty Industry** – Designed for high-impact labor and safety-critical job sites.

APPLICATIONS:

- **Oil & Gas Industry** – Protects workers handling pipelines, drilling equipment, and hazardous environments.
- **Manufacturing & Industrial Work** – Provides abrasion resistance and grip control in production settings.
- **Steel Plant Operations** – Ensures durability and protection against heat, sharp materials, and heavy-duty tasks.
- **Construction & Engineering** – Shields hands from mechanical hazards, abrasions, and environmental risks.
- **Forklift Operation & Material Handling** – Reduces vibration stress while improving grip security.
- **Mining, Utilities & Welding** – Offers rugged hand protection for underground and industrial applications.
