AVAILABLE SIZES

**Water/oil resistance goatskin leather gloves with Cut Resistant lining**

## FEATURES:

- **Premium Tan Brown Goatskin Leather** – Offers excellent abrasion resistance and long-wear durability with superior softness.
- **Water- & Oil-Resistant Finish** – Ensures dry, clean hands while working in fluid-exposed environments.
- **Kevlar® Aramid Fabric Lining** – Provides cut protection and internal strength for industrial safety.
- **EN Cut Level 4 Performance** – Shields against sharp materials and repetitive handling tasks.
- **Driver Style Fit with Keystone Thumb** – Enhances hand flexibility and ergonomic comfort during use.
- **Elasticized Back** – Delivers a snug, contoured fit that stays secure throughout the workday.
- **Available in Multiple Leathers & Linings** – Includes Cowhide, Goatskin, and Split Leather options with Fleece, Para-Aramid, or Thinsulate insulation.

## INDUSTRIES:

- **Oil & Gas** – Ensuring workers have reliable hand protection against harsh chemicals.
- **Manufacturing** – Supporting workers in factories handling machinery and sharp materials.
- **Appliance Manufacturing** – Helping technicians working in high-risk environments.
- **Steel Plants** – Providing cut-resistant safety for metalworkers.
- **Construction** – Enhancing safety for builders handling rough materials.
- **Industrial & Logistics** – Optimizing SEO for forklift drivers and farm equipment operators.

## APPLICATIONS:

- **Oil & Gas Fieldwork** – Handles exposure to slick tools, pipes, and oily surfaces.
- **Manufacturing & Assembly** – Offers precision grip and protection for repetitive production tasks.
- **Appliance Manufacturing** – Ensures grip and dexterity while working with components and tools.
- **Steel Plant Operations** – Shields from abrasions and cuts during metal handling tasks.
- **Construction Work** – Delivers flexibility and cut resistance on rugged job sites.
- **Forklift & Farm Equipment Operation** – Provides control and comfort during mechanical or outdoor labor.
