## Goatskin Impact, Cut, Water/Oil resistance and vibration dampening gloves

### FEATURES:

- **Premium Water & Oil-Resistant Goatskin Leather** – Offers a durable yet flexible finish ideal for industrial conditions.
- **TPR Back-of-Hand Impact Protection** – Shields fingers and knuckles from blunt force without compromising flexibility.
- **Kevlar® Aramid Fabric Lining** – Enhances cut resistance and internal glove strength.
- **Gel Padded Palm** – Reduces vibration fatigue and improves comfort during extended tool use.
- **Driver Style Fit with Keystone Thumb** – Provides natural hand movement and reinforced control.
- **Elastic Back Design** – Delivers a snug, secure fit that stays in place during rigorous work.
- **Available in Multiple Leather & Lining Options** – Tailored for different working environments and seasonal needs.

### INDUSTRIES:

- **Oil & Gas Sector** – Designed for rig workers and technicians in dynamic environments.
- **Steel & Metal Fabrication** – Ideal for processing, handling, and welding applications.
- **Construction & Infrastructure Development** – Supports workers facing impact, grip, and debris hazards.
- **Industrial Maintenance & Repair** – Ensures safety during prolonged tool and machinery use.
- **Manufacturing & Appliance Assembly** – Enhances dexterity and cut resistance for detailed handling tasks.
- **Agriculture & Equipment Handling** – Provides rugged protection in outdoor and seasonal conditions.

### APPLICATIONS:

- **Steel Plant Operations** – Protects hands from metal edges, sparks, and repetitive motion stress.
- **General Industrial Work** – Offers reliable defense in environments with tools, vibration, and mechanical risks.
- **Appliance Manufacturing & Assembly** – Enhances grip and safety during component handling.
- **Oil & Gas Fieldwork** – Resists chemical exposure and impact in slippery, hazardous conditions.
- **Construction & Heavy Equipment Handling** – Shields workers against abrasions, shocks, and sharp surfaces.
- **Forklift & Farm Equipment Operations** – Improves control and comfort while managing machinery.
