

Safety for every industry.

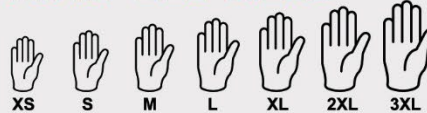

EN ISO 21420:2020  
CAT.II

**XPRO  
5TGC6**

**AVAILABLE SIZES**

## Goatskin Gloves - A6 Cut, Impact & Water/Oil Resistance for Heavy-Duty Work

### FEATURES:

- **Padded Palm for Vibration Dampening** – Reduces hand fatigue while using heavy machinery.
- **TPR Anti-Impact Backing** – Shields fingers and knuckles from forceful impacts in industrial applications.
- **Kevlar® Aramid Fabric Lining** – Provides A6 cut protection, preventing injuries from sharp materials.
- **Premium Goatskin Leather** – Offers high tensile strength and abrasion resistance, ensuring durability.
- **Water & Oil Resistance** – Keeps hands dry in wet and oily conditions, enhancing grip control.
- **Multi-Layer Protection** – Reinforced palms, thumbs, and fingers improve comfort and wear longevity.
- **Available in Multiple Versions** – Includes **winter model (5TTGC6)** and **higher cut levels (A2-A9)** for industry-specific protection

### INDUSTRIES:

- **Oil & Gas Exploration** – Essential for rig workers, pipeline operators, and field personnel.
- **Steel & Metal Fabrication** – Shields against abrasions, heat exposure, and puncture risks.
- **Manufacturing & Processing Plants** – Enhances hand safety in production lines and assembly work.
- **Mining & Excavation Operations** – Provides reinforced protection for handling heavy-duty equipment.
- **Utilities & Maintenance Services** – Ensures secure grip in wet, cold, and hazardous environments.
- **Construction & Infrastructure Development** – Designed for high-impact labor and safety-critical tasks.

### APPLICATIONS:

- **Oil & Gas Industry** – Shields workers handling equipment, crude oil, and drilling machinery.
- **Manufacturing & Production** – Provides cut and abrasion protection in factory environments.
- **Steel Plant Operations** – Ensures heat and impact resistance for metal workers.
- **Heavy-Duty Industrial Work** – Enhances worker safety in high-risk environments.
- **Construction & Engineering** – Protects hands against mechanical hazards and abrasions.
- **Forklift & Farm Equipment Handling** – Reduces vibration fatigue while improving grip strength.
