AVAILABLE SIZES

Heavy-Duty Impact & Cut-Resistant Gloves - Protection & Premium Goatskin Durability

FEATURES:

- **Sewn with DuPont™ Kevlar®** – Enhances strength, durability, and longevity in tough work environments.
- **Thumb Strap Reinforcement** – Improves grip and resistance for high-wear areas.
- **Black Leather Construction** – Hides dirt and grime, maintaining a professional look.
- **Glide Patch Technology** – Reduces heat buildup, ensuring comfort during prolonged use.
- **A8 Cut Protection** – Para-Aramid lining offers maximum protection against sharp objects.
- **Premium Goatskin Leather** – Delivers outstanding abrasion resistance and flexibility.
- **Oil & Water Resistance** – Treated in tanning process for deep protection against liquids and oils.

INDUSTRIES:

- **Oil & Gas Industry** – Essential for rig operators, field technicians, and pipeline workers.
- **Steel & Metal Processing** – Shields against abrasions, high temperatures, and cutting hazards.
- **Manufacturing & Industrial Plants** – Ensures worker safety in precision-heavy assembly environments.
- **Mining & Excavation** – Provides impact, cut, and vibration resistance for underground operations.
- **Utilities & Municipal Services** – Offers flexibility and grip in repair and maintenance tasks.
- **Construction & Infrastructure Development** – Designed for high-impact labor and safety-critical jobs.

APPLICATIONS:

- **Rigging & Heavy Equipment Handling** – Shields hands from impact and abrasion hazards.
- **Metal Stamping & Fabrication** – Provides cut resistance in metal processing industries.
- **Oil & Gas Drilling Operations** – Ensures safe handling of tools and hazardous materials.
- **Municipal & Utility Services** – Supports workers in maintenance, repair, and infrastructure projects.
- **Construction & Steel Mills** – Enhances grip and durability for labor-intensive tasks.
- **Hydraulic Fracturing & Pipeline Construction** – Protects hands from abrasion, oil exposure, and mechanical hazards.
