WINTER GLOVES - PREMIUM GOATSKIN, THINSULATE™ LINING & SUPERIOR COLD-WEATHER PROTECTION

DESCRIPTION:

Driver style Glove made from natural strongest goatskin leather, it has very high tensile-strength and abrasion-resistant properties, keystone thumb provides extra durability, elastic back for snug fit, Inside Thinsulate lining for added warmth and comfort

FEATURES:

Premium Goatskin Leather Construction – Offers high tensile strength and abrasion resistance, ensuring durability in tough environments.

Keystone Thumb Design – Provides extra durability and improves dexterity for precision handling.

Elastic Back for Snug Fit – Ensures a secure fit, allowing flexibility and comfort during extended wear.

Thinsulate™ Lining for Winter Protection – Keeps hands warm and insulated in cold conditions.

Multiple Leather Options Available – Includes Goatskin, Cowhide, Split Leather, and Sheepskin for tailored needs.

Multi-Layer Lining Choices – Available in Thinsulate (TH), Fleece (FL), Artificial Fur (AF), and Kevlar® (Cut-Resistant C).

Designed for Heavy-Duty & Cold Weather Applications – Ideal for outdoor and industrial environments requiring durability and warmth.

APPLICATIONS:

General Maintenance, Welding, Steel Plants, Industrial Works, Construction, Agriculture, General Material, Mining, Handling
