AVAILABLE SIZES

XPRO® ANTI IMPACT, ANTI CUT & WATER/OIL RESISTANT GLOVES

DESCRIPTION:

XPRO® IMPACTPRO Glove, lined with Kevlar® aramid fabric Anti Cut and Anti-Impact Resistance Waterproof Gloves, especially designed for oil and gas industries

Premium Quality Water and Oil Resistance Goatskin leather Driver style gloves, Keyston thumb for durability and comfort, lined with Kevlar® aramid fabric for Cut level ANSI A6, the gloves are also 100% Water & Oilproof thanks to our DryTuff® membrane which allows for long lasting & extremely dry hands no matter the wet working conditions. TPR back of hand for Impact Protection level ANSI / ISEA 2. Glove with Velcro Closure for snug fitting

FEATURES:

A6 Cut Protection – Kevlar® aramid fabric lining ensures superior defense against cuts and punctures.

Impact Resistance (ISEA Level 2) – TPR backhand absorbs shocks while maintaining flexibility.

100% Water & Oilproof – DryTuff® membrane guarantees dry hands in wet and oily conditions.

Premium Goatskin Leather Construction – Water & oil-resistant driver-style gloves with a Keystone thumb for extra durability.

Velcro Closure for Secure Fit – Provides a snug and adjustable wrist fastening.

Enhanced Comfort & Dexterity – Balances tactile sensitivity with long-lasting durability.

Available in Multiple Versions – Includes winter version (ImpactPro 5TTHRVC6), non-oil waterproof version (ImpactPro 5TTRVC6), and higher cut levels (A5-A9).

APPLICATIONS:

Oil & Gas Industry, Steel Foundry & Forge, Sheet Metal Manufacturing, General Manufacturing, Mining & Excavation, Railroads, Welding
