Cut-Resistant Utility Gloves - Cut level A5 Protection & High-Dexterity Performance

FEATURES:

- **Palm with synthetic leather-** for toughness and long-lasting use
- **Non-slip reinforcement-** on palm, fingers, and saddle enhances grip and durability
- **Kevlar® aramid lining-** provides Level A5 cut protection
- **Spandex back of hand-** increases flexibility and breathability
- **Neoprene cuff-** ensures a snug fit with comfortable wrist support
- **Velcro wrist closure-** offers adjustable security and helps keep out debris
- **High dexterity design-** allows precision handling with comfort during long hours

INDUSTRIES:

- **Construction & Infrastructure** – Reliable protection for laborers, carpenters, and heavy equipment handlers
- **Oil & Gas** – Built for demanding tasks in exploration, maintenance, and rig operations
- **Recycling & Waste Management** – Shields against unpredictable, hazardous materials
- **Agriculture & Landscaping** – Durable grip and protection while pruning, planting, or fencing
- **Maintenance & Utilities** – Perfect for electricians, plumbers, and general service personnel
- **General Industrial Work** – Covers a wide range of tasks requiring dexterity and cut resistance

APPLICATIONS:

- **General Handling** – Ideal for day-to-day utility work requiring both grip and cut protection
- **Barbed Wire Handling** – Provides excellent control and safety when dealing with sharp fencing
- **Construction Tasks** – Perfect for framing, lifting, tool use, and handling rough materials
- **Recycling & Waste Sorting** – Guards against sharp edges and unpredictable materials
- **Landscaping & Gardening** – Keeps hands protected while trimming, digging, or pruning
- **Oilfield Operations** – Designed for rugged tasks involving pipes, machinery, and tools
