COWHIDE SPLIT LEATHER INDUSTRIAL SAFETY GLOVES - ENHANCED PROTECTION & COMFORT

DESCRIPTION:

Cowhide split leather gloves with drill fabric back, wing thumb design, fleece lining & safety cuff for durability & comfort.

FEATURES:

Durable Cowhide Split Leather Palm – Provides excellent wear resistance and shields against abrasions and cuts.

Drill Fabric Back – Enhances breathability and flexibility, reducing hand strain.

Wing Thumb Design – Allows natural hand movement for improved grip and dexterity.

Fleece Lining – Ensures comfort and warmth, making it ideal for extended use.

Rubberized Safety Cuff – Offers wrist protection while maintaining ease of movement.

Heavy-Duty Stitching – Increases durability and longevity in demanding environments.

Optimized for Industrial Applications – Designed for high-performance safety and comfort.

APPLICATIONS:

Construction & Infrastructure, Warehousing & Logistics, Agriculture & Farm Work, Manufacturing & Assembly, Maintenance & Facility Services, Outdoor Labor & Landscaping
