AVAILABLE SIZES

COWHIDE SPLIT LEATHER INDUSTRIAL SAFETY GLOVES - ENHANCED PROTECTION & COMFORT

DESCRIPTION:

XPRO®-1644DP gloves offer durability, grip & wrist protection with reinforced palm, breathable back & ergonomic design.

FEATURES:

- Improved Grip & Protection:** Reinforced palm enhances grip while providing a protective barrier against abrasive materials.
- Breathable Drill Back:** Prevents overheating, ensuring comfort during extended use.
- Reliable Wrist Safety:** Rubberized safety cuff safeguards the wrist, reducing exposure to workplace hazards.
- Cowhide Split Leather:** Enhances abrasion resistance, making the gloves ideal for rugged tasks.
- Half Fleece Lining:** Adds insulation for better hand safety in varying conditions.
- Ergonomic Wing Thumb:** Improves flexibility and movement control for precision handling.
- Multi-Industry Use:** Designed for professionals in high-impact and hazardous work environments.

APPLICATIONS:

Automotive & Mechanical Workshops, Construction & Infrastructure, Manufacturing & Assembly, Maintenance & Facility Services, Warehousing & Logistics, General Industrial Work
