ARC FLASH PREMIUM QUALITY GOAT GRAIN LEATHER SAFETY GLOVES

DESCRIPTION:

Arc Flash Premium Quality Goat Grain Leather Safety Gloves with Engineered Yarn Cut Resistant Lining and Extended Safety Cuff. Premium Goatskin leather palm and back provides the best fit, dexterity and comfort. Arc Flash Level 3 Rating. 360° Aramid fabric lining provides cut protection level ANSI A6.

Reinforced side of palm provides extra protection and durability.
Kevlar® stitching throughout for added strength and durability.

FEATURES:

- Premium Goat Grain Leather Construction** – Offers outstanding dexterity, comfort, and abrasion resistance for high-performance tasks.
- Arc Flash Level 3 Protection** – Built for electrical safety and flame resistance in energized work environments.
- 360° Aramid Lining** – Delivers comprehensive cut protection across the entire hand.
- Reinforced Side of Palm** – Strengthens high-wear zones for enhanced durability and rugged use.
- Extended Safety Cuff** – Allows easy donning and doffing while providing extra wrist protection.
- High Grip Performance** – Maintains secure control in dry and lightly oiled conditions.
- Kevlar® Stitching Throughout** – Ensures reinforced seams and extended glove lifespan under stress.

APPLICATIONS:

Steel foundry and forge, Oil & Gas, Sheet metal, Manufacturing, Forklift Driver, Mining, Railroads, Welding
