WELDING RIGGING GLOVES - A5 CUT & IMPACT PROTECTION

DESCRIPTION:

Alif Impactpro 10TC5 Welding Rigging Gloves Durable cowhide leather gloves lined with Kevlar® aramid fabric, cut level ANSI A5 for cut protection, palm and thumb padding lining layer reinforces high wear areas of the palm. TPR back of hand for impact protection. Sewn with Kevlar® threads to provide maximum strength.

FEATURES:

Durable Cowhide Leather Construction – Offers superior abrasion resistance and long-lasting durability for industrial use.

Kevlar® Aramid Fabric Lining – Enhances cut protection and heat resistance, ideal for welding and rigging tasks.

Palm & Thumb Padding Reinforcement – Strengthens high-wear areas, reducing fatigue during heavy lifting and tool handling.

Thermoplastic Rubber (TPR) Back Protection – Safeguards knuckles and fingers from impact and crush injuries.

Kevlar® Thread Stitching – Provides reinforced seam strength, resisting tearing in rugged environments.

Ergonomic Fit & Dexterity – Designed for precision handling without compromising safety.

Heavy-Duty Welding & Rigging Performance – Built for critical industrial operations involving high-risk tasks.

APPLICATIONS:

Welding, Rigging
