IMPACT & CUT RESISTANT OIL FIELD GLOVES

DESCRIPTION:

Fender plus® Heavy Duty Work Glove. Synthetic leather palm and fourchettes for excellent durability and grip, TPR Back of hand for impact protection, and lined with Kevlar® aramid fabric for cut protection level A5, Neoprene Cuff allows easy on/off while extending wrist protection.

APPLICATIONS:

- Premium Synthetic Leather Palm** – Provides enhanced grip and long-lasting durability in rugged applications.
- Kevlar® Aramid Fabric Lining** – Offers high-level cut resistance for sharp-edge handling and mechanical hazards.
- TPR Back-of-Hand Protection** – Shields knuckles and fingers from impact-related injuries without restricting movement.
- PU Grip Patches** – Ensures superior control and handling in dry, wet, or oily environments.
- Reinforced Thumb Crotch** – Extends glove life in high-wear areas, ideal for repetitive, high-pressure tasks.
- Ergonomic Fit with Flexible Construction** – Enhances comfort, dexterity, and ease of hand movement.
- Impact Protection Rating Level 2** – Suitable for medium-impact environments requiring hand defense and flexibility

APPLICATIONS:

Oil & Gas, Steel foundry and forge, Sheet metal, Waste disposal, Junk yards
