MECHANICS GLOVES - PREMIUM GOATSKIN PALM & NEOPRENE KNUCKLE PROTECTION

DESCRIPTION:

Alif Mecpro 13TH, XPRO Mecpro Gloves are designed with a premium goatskin palm, black stretch knit back with neoprene knuckle, and velcro wrist closure for the perfect combination of strength and tactility

FEATURES:

- Premium Goatskin Palm** – Enhances durability and grip while providing superior comfort.
- Stretch Knit Back** – Allows flexibility and breathability for prolonged wear.
- Neoprene Knuckle Padding** – Protects against impact while maintaining dexterity.
- TPR Cuff Strap with Hook & Loop Closure** – Offers a secure fit and easy adjustability.
- Mechanics-Style Precurved Design** – Follows the natural contour of the hand for precision control.
- 3M Thinsulate Insulation** – Keeps hands warm without sacrificing mobility.
- Versatile Performance** – Designed for professional use across multiple industries.

APPLICATIONS:

Great for Appliance Manufacturing, Oilfield, Automotive, Construction, Machining
