OIL AND GAS IMPACT AND CUT RESISTANCE HEAVY DUTY SAFETY WORK GLOVE

DESCRIPTION:

Dual layer synthetic leather palm provides comfort, flexibility, and superior grip, Reinforced palm Patch improves grip in wet, dry, and oily conditions, lined with Kevlar® aramid cut-resistant ANSI A8 protection Mesh fabric back with TPR offers Level 2 impact protection, stretchable elastic wrist closure ensures a secure fit and easy donning.

FEATURES:

- **Dual-Layer Synthetic Leather Palm**- Combines comfort, flexibility, and enhanced grip for demanding tasks.
- **Reinforced Palm Patch**- Improves control and durability in wet, dry, and oily conditions.
- **Kevlar® Aramid Lining – ANSI Cut Level A8**- Offers ultra-high cut resistance for sharp-edge handling and heavy-duty operations.
- **TPR Impact Protection – Level 2**- Shields knuckles, fingers, and back of hand from crush and vibration injuries.
- **Mesh Fabric Back**- Promotes breathability and temperature regulation during extended wear.
- **Stretchable Elastic Wrist Closure**- Ensures a snug, secure fit and easy donning/doffing.
- **Kevlar®-Stitched Reinforcement**- Adds structural integrity and long-term durability under stress.
- **Built for Harsh Environments**- Designed for oilfields, industrial zones, and high-impact work settings

APPLICATIONS:

Oil and Gas Industry, Manufacturing, Steel Plants, Industrial, Construction, Forklift Driver, Farm Equipment, Mining, Utilities
