AVAILABLE SIZES

XPRO® STINGRAY, IMPACT, CUT RESISTANCE GLOVE

DESCRIPTION:

STINGRAY is a unique lightweight glove - an unbeatable Rugged Protection engineered for the Toughest Oil and Gas and Mining applications. This is a double palm glove with silicon dots for better grip in all conditions. Synthetic Leather reinforced thumb and index finger to reduce wear & tear in critical areas. Highly abrasion resistance with Hi-Viz palm for greater durability and visibility, lined with Kevlar® aramid fabric for cut protection level ANSI A8.

Also available in Impact Level 2

FEATURES:

- Kevlar® Aramid Lining** – Provides cut level A8 protection, ensuring maximum safety in rescue operations.
- Reinforced TPR Impact Shielding** – Protects knuckles and fingers from high-impact hazards.
- Double Palm with Silicone Dot Grip** – Enhances control on slippery, wet, and greasy surfaces.
- Synthetic Leather Reinforcement** – Extends durability at critical wear points for long-lasting performance.
- Hi-Viz Spandex Backing** – Improves visibility and safety in low-light emergency scenarios.
- Breathable, Cushioned Neoprene Cuff** – Provides comfort and unrestricted hand movement.
- Ergonomic Construction** – Ensures maximum dexterity for precise handling in critical situations.

APPLICATIONS:

Oil & Gas, Light, Medium, Heavy Industrial, Mechanical Workshops, Rescue Operations, Mining, Rigging, Automotive, Fabrication, Aviation
