Goatskin Cut-Resistant Gloves - Cut level A4 Protection & Kevlar® Lining for Industrial Safet

FEATURES:

- **A4 Cut Protection** – Cut level A4 rating ensures safety against sharp objects.
- **Kevlar®/Glass Filament Lining** – Provides enhanced durability and puncture resistance.
- **Premium Goat Grain Leather** – Ensures superior abrasion resistance and flexibility.
- **Set-In Keystone Thumb** – Enhances dexterity for precision handling.
- **Elasticized Back** – Offers a snug fit to prevent slippage and debris entry.
- **Multi-Industry Application** – Ideal for diverse industrial sectors.
- **Customizable Cut Levels** – Available in A5-A9 for specialized protection.

INDUSTRIES:

- **Construction** – Ideal for handling materials with sharp edges, ensuring worker safety.
- **Mining** – Provides protection against abrasions and punctures in harsh environments.
- **Steel & Metal Processing** – Shields hands from sharp metal objects and machinery.
- **Manufacturing** – Ensures dexterity and durability for precision-based tasks.
- **Logistics & Warehousing** – Supports workers in handling heavy and abrasive materials.
- **Oil & Gas** – Offers resistance to tough industrial conditions and potential hazards.

APPLICATIONS:

- **Heavy-Duty Industrial Work** – Suitable for handling sharp-edged materials.
- **Construction & Mining** – Protects against rough surfaces and abrasions.
- **Steel & Metal Handling** – Shields hands from sharp metals.
- **Forklift & Truck Operations** – Ensures comfort and grip for vehicle operators.
- **General Maintenance** – Provides dexterity for routine tasks.
- **Material Handling** – Perfect for warehouses and logistics.
