Goatskin Leather Gloves - Cut Level A5, Impact Level 2, Oil-Resistant for Rigging & Oil Field Safety

FEATURES:

- **Oil-Resistant Goatskin Palm & Backhand** – Offers superior grip and abrasion resistance in slick conditions.
- **Composite Kevlar® Aramid Lining** – Provides advanced cut protection across the palm and fingers.
- **TPR Backhand Protection** – Shields knuckles and fingers from impact hazards with flexible coverage.
- **Foam-Padded Palm** – Absorbs vibration and reduces fatigue during heavy tool handling.
- **3" Split Cowhide Leather Cuff with Reflective Strip** – Enhances wrist protection and visibility in low-light environments.
- **Reinforced Thumb Saddle** – Strengthens high-wear zones for extended glove life.
- **Kevlar® Thread Stitching** – Ensures seam integrity under thermal and mechanical stress.

INDUSTRIES:

- **Oil & Gas Sector** – Trusted by field operators and rig crews for high-performance protection.
- **Mining & Excavation** – Durable in abrasive, high-impact environments.
- **Construction & Infrastructure** – Supports workers in structural and civil projects.
- **Utilities & Rigging Services** – Ideal for cable handling and mechanical lifting.
- **Heavy Equipment & Machinery** – Protects technicians during servicing and operation.
- **Energy & Industrial Services** – Suitable for maintenance in power plants and refineries

APPLICATIONS:

- **Oil & Gas Operations** – Ideal for drilling, extraction, and refining tasks.
- **Fracking Sites** – Protects hands during high-pressure and abrasive procedures.
- **Mining & Quarrying** – Built for rugged terrain and heavy material handling.
- **Heavy Construction** – Suitable for framing, rebar work, and demolition.
- **Rigging & Tool Pushing** – Enhances grip and safety during cable and equipment handling.
- **Industrial Maintenance** – Reliable for repair, inspection, and machinery servicing.
