1000HVPG

AVAILABLE SIZES

Hi-Visibility Driver Gloves - Goatskin Palm, Reflective Back, Enhanced Grip & Cut Protection Options

FEATURES:

- **Goatskin Leather Palm with Grip Stripes** – Enhances control and reduces bunching during precision tasks.
- **Hi-Viz Green Spandex Back** – Improves visibility in low-light conditions and boosts airflow.
- **Reflective Accents** – Increases safety awareness in hazardous or dimly lit environments.
- **Elasticized Back Design** – Ensures a snug, secure fit for active use.
- **Available in Multiple Cut Levels (A2–A9)** – Customizable protection for varied job roles.
- **Optional Winter Version** – Insulated variant for cold-weather industrial applications.
- **Lightweight & Ergonomic Construction** – Supports all-day wear with reduced hand fatigue.

INDUSTRIES:

- **Construction & Infrastructure** – Trusted for visibility and durability on active job sites.
- **Metalworking & Fabrication** – Supports safe handling in high-risk environments.
- **Shipbuilding & Marine Engineering** – Reliable for structural welding and repair.
- **Mining & Excavation** – Performs in abrasive, high-impact conditions.
- **Oil & Gas Sector** – Suitable for pipeline inspection, drilling, and maintenance.
- **Industrial Maintenance & Repair** – Used by professionals for repair and inspection duties.

APPLICATIONS:

- **Metal Fabrication** – Ideal for handling sharp components and heavy materials.
- **Construction Sites** – Suitable for framing, rigging, and general labor tasks.
- **Metal Stamping** – Protects hands during repetitive, high-pressure operations.
- **Maintenance Work** – Reliable for facility upkeep and mechanical servicing.
- **Shipyards** – Durable for welding, assembly, and structural repair.
- **Mining & Oil Pipelines** – Built for rugged terrain and abrasive environments.
