Safety for every industry.

**XPRO® DRIVER-
4PGCS**

AVAILABLE SIZES

Sand Blasting Gloves - Goatskin Palm, Cowhide Back, Durable Grip for Handling & Cargo Work

FEATURES:

- **Goatskin Leather Palm** – Delivers superior abrasion resistance and tensile strength for tough environments.
- **Cowhide Split Leather Back** – Adds durability and structure for extended wear.
- **Keystone Thumb Construction** – Improves comfort, dexterity, and glove lifespan.
- **Multi-Leather Options Available** – Offered in cow grain, sheepskin, and cow split for varied applications.
- **Ergonomic Fit** – Designed for natural hand movement and reduced fatigue.
- **Heavy-Duty Stitching** – Reinforced seams for industrial-grade performance.
- **Versatile Utility Design** – Suitable for both indoor and outdoor abrasive handling tasks.

INDUSTRIES:

- **Warehousing & Distribution** – Trusted for packaging, inventory, and transport tasks.
- **Agriculture & Farming** – Built for rugged fieldwork and equipment operation.
- **Construction & Infrastructure** – Durable for site work and abrasive material handling.
- **Manufacturing & Assembly** – Supports safe handling in production environments.
- **Shipping & Cargo Services** – Ideal for freight, logistics, and port operations.
- **Industrial Maintenance** – Used by technicians for repair, inspection, and abrasive tasks.

APPLICATIONS:

- **General Handling** – Ideal for day-to-day industrial tasks and material movement.
- **Warehousing & Logistics** – Supports safe handling of packages, crates, and cargo.
- **Agricultural Work** – Durable for field labor, equipment handling, and harvesting.
- **Cargo Handling** – Reliable for loading, unloading, and transport operations.
- **Surface Prep & Sand Blasting** – Protects hands from abrasive media and debris.
- **Maintenance & Repair** – Suitable for mechanical servicing and facility upkeep.
