

Safety for every industry.

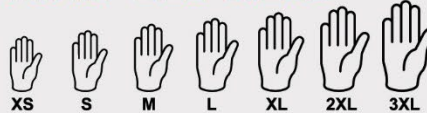

EN ISO 21420:2020

CAT.II

AVAILABLE SIZES

PROMAX Performance Grip Gloves with Synthetic Leather Palm, TPR Impact Guard & Cool Mesh Venting

FEATURES:

- **Synthetic Leather Palm** – Provides enhanced abrasion resistance and long-lasting durability.
- **Cool Mesh Venting System** – Improves airflow by up to 60%, reducing heat buildup and moisture.
- **TPR Knuckle & Finger Guards** – Delivers flexible impact protection without compromising dexterity.
- **Reinforced Thumb Saddle** – Strengthens a key wear zone for extended glove life.
- **Rubberized Velcro Strap Closure** – Ensures a secure, adjustable fit for active use.
- **Ergonomic Design** – Supports natural hand movement and reduces fatigue during precision tasks.
- **Lightweight & Versatile Construction** – Ideal for both indoor and outdoor use across multiple industries.

INDUSTRIES:

- **Construction & Infrastructure** – Built for durability in structural and civil projects.
- **Manufacturing & Assembly** – Supports safe handling in production environments.
- **Logistics & Warehousing** – Trusted for packaging, loading, and inventory tasks.
- **Automotive & Machinery** – Reliable for technicians and equipment operators.
- **Landscaping & Gardening** – Suitable for outdoor labor and tool-intensive tasks.
- **Maintenance & Facility Services** – Used by professionals for repair and inspection duties.

APPLICATIONS:

- **Abrasive Material Handling** – Protects hands from rough surfaces and sharp edges.
- **Construction Work** – Suitable for framing, rigging, and site operations.
- **Maintenance & Repair** – Reliable for mechanical servicing and facility upkeep.
- **Equipment Operation** – Enhances grip and control for machinery and vehicle handling.
- **Towing & Transportation** – Durable for cargo handling and roadside tasks.
- **Carpentry & Woodwork** – Ideal for sanding, cutting, and tool use.
