**XPRO® VIZ
GRIP 28SYN**

AVAILABLE SIZES

Hi-Viz Mechanics Gloves - Silicone Grip, Synthetic Palm, Ergonomic Fit for Precision Handling

FEATURES:

- **Synthetic Leather Palm & Fourchette** – Enhances grip, durability, and precision handling.
- **Silicone Pattern Grip** – Provides superior traction in both wet and dry conditions.
- **Hi-Viz Spandex Back** – Boosts visibility in low-light environments while offering breathability and stretch.
- **Terry Cloth Thumb Panel** – Convenient for wiping sweat or debris during active work.
- **Velcro Wrist Closure** – Ensures a secure, adjustable fit and keeps out dust and debris.
- **Ergonomic Fit Design** – Matches natural hand contours to reduce fatigue and improve control.
- **Lightweight & Flexible Build** – Supports all-day wear in high-mobility tasks.

INDUSTRIES:

- **Automotive & Transport** – Trusted by mechanics, technicians, and service crews.
- **Manufacturing & Assembly** – Supports safe handling in production and inspection zones.
- **Electronics & Precision Engineering** – Ideal for high-dexterity, low-impact tasks.
- **Utilities & Equipment Services** – Used by operators and maintenance teams.
- **Warehousing & Logistics** – Suitable for packaging, sorting, and inventory handling.
- **Facility Maintenance & Repair** – Reliable for general upkeep and technical servicing.

APPLICATIONS:

- **Automotive & Mechanical Repair** – Ideal for technicians handling tools, parts, and greasy surfaces.
- **Assembly Line Work** – Supports precision tasks with enhanced grip and comfort.
- **Precision Manufacturing** – Suitable for electronics, small parts, and detailed assembly.
- **Maintenance & Servicing** – Reliable for facility upkeep and mechanical adjustments.
- **Tool Handling & Equipment Operation** – Improves control and safety during machinery use.
- **Inspection & Quality Control** – Offers tactile sensitivity for detailed product checks.
