### AVAILABLE SIZES

**GOATSKIN LEATHER GLOVES - REINFORCED STITCHING, PADDED PALMS, 3M™ THINSULATE™ INSULATION FOR COLD WEATHER WORK**

## DESCRIPTION:

Goatskin leather work gloves with reinforced stitching and padded palms offer durability and impact protection. Insulated with 3M™ Thinsulate™, they're ideal for cold-weather industrial or outdoor use.

## FEATURES:

- **Premium Goatskin Leather:** Naturally strong, abrasion-resistant, and flexible for industrial use.
- **Reinforced Stitching:** Enhances glove durability and seam strength under heavy wear.
- **Padded Palms:** Provides impact absorption and comfort during tool or equipment handling.
- **3M™ Thinsulate™ Insulation:** Keeps hands warm in cold-weather environments without sacrificing dexterity.
- **Heavy-Duty Utility Design:** Built for rugged outdoor and industrial applications.
- **Ergonomic Fit:** Promotes natural hand movement and reduces fatigue during extended use.
- **Multi-Hazard Protection:** Combines durability, impact resistance, and thermal insulation in one glove.

## APPLICATIONS:

Oil & Gas, Construction, Utilities & Maintenance, Manufacturing, Warehousing & Logistics, Outdoor Industrial Services
