

**XPRO®  
2049WM**

#### AVAILABLE SIZES

**SPLIT COWHIDE WORK GLOVES - FLANNEL LINED, 5 GAUNTLET CUFF, WING THUMB,  
REINFORCED FOR HEAVY DUTY PROTECTION**

#### DESCRIPTION:

Crafted for durability and comfort, these gloves feature a split cowhide palm and backhand for superior protection. The flannel palm lining and heather backhand lining ensure a soft, comfortable fit during extended use. 5-inch split cowhide gauntlet cuff provide extended wrist protection; these gloves provide added safety and coverage. The Gunn cut with a wing thumb enhances flexibility and ease of movement, while the welted thumb and index finger offer extra reinforcement for heavy-duty tasks. Perfect for demanding environments, these gloves combine rugged construction with thoughtful design.

#### FEATURES:

- Split Cowhide Palm & Backhand:** Provides rugged durability and superior abrasion resistance for demanding tasks.
- Flannel Palm Lining:** Adds softness and comfort while improving insulation during extended wear.
- Heather Backhand Lining:** Enhances breathability and comfort for long work sessions.
- 5-Inch Split Cowhide Gauntlet Cuff:** Offers extended wrist and lower-arm protection from debris, sparks, and impact.
- Gunn Cut Construction:** Reduces hand strain and improves durability in high-stress areas.
- Wing Thumb Design:** Enhances flexibility, grip, and natural hand movement.
- Welted Thumb & Index Finger:** Reinforces high-wear zones for added strength and longevity.

#### APPLICATIONS:

Construction & Industrial Labor, Metal Handling & Fabrication, Heavy Equipment Operation, Maintenance & Repair Work, Agriculture & Farm Operations, General Material Handling
