Oil Resistant Outsole

Specially formulated rubber outsole resists oils, hydrocarbons, and industrial chemicals, ensuring reliable traction on contaminated surfaces.

S3 Safety Classification

Certified to S3 standards, offering toe protection, penetration-resistant midsole, water-resistant upper, and enhanced heel energy absorption for demanding work environments.

SRC Slip Resistance

SRC-rated outsole delivers superior grip on both ceramic and steel surfaces, even in the presence of water, oil, or lubricants.

Steel Toe Cap Protection

Integrated steel toe cap provides robust impact and compression resistance, safeguarding feet from falling objects and heavy loads.

Anti-Static Properties

Designed to dissipate static electricity, reducing the risk of electrostatic discharge in sensitive or hazardous workplaces.
