GOATSKIN DRIVER GLOVE WITH IMPACT PROTECTION & 3M THINSULATE

DESCRIPTION:

Durable goatskin driver glove with impact level 2 protection, Kevlar stitching & 3M C100 Thinsulate insulation.

FEATURES:

- **Durable Goatskin Leather:** Naturally strong, abrasion-resistant, and flexible for industrial and utility tasks.
- **Driver Glove Design:** Classic fit with ergonomic shaping for comfort and dexterity.
- **Impact Level 2 Protection:** Reinforced padding shields knuckles and fingers against shocks and crush hazards.
- **Kevlar® Stitching:** Flame-resistant seams with maximum strength for heavy-duty use.
- **3M™ C100 Thinsulate™ Insulation:** Provides reliable warmth in cold environments without compromising flexibility.
- **Heavy-Duty Construction:** Built for rugged outdoor and industrial applications.
- **Multi-Hazard Protection:** Combines impact resistance, thermal insulation, and abrasion defense in one glove.

APPLICATIONS:

Cold-Weather Industrial Work, Oil & Gas Field Operations, Construction & Infrastructure Projects, Heavy Equipment Handling & Maintenance, Mining & Metal Processing, Utilities & Outdoor Field Services
