GOATSKIN LEATHER PALM CUT RESISTANCE MECHANICS WORK GLOVES

DESCRIPTION:

Durable goatskin leather glove with Kevlar® blended liner and TPR finger guards for superior cut, abrasion, and impact protection. Designed for comfort, grip, and visibility in demanding industrial applications.

FEATURES:

- Reinforced goatskin leather palm and back for abrasion resistance and tactile sensitivity
- Kevlar® blended liner for enhanced cut protection and heat dispersion
- Spandex fabric back for comfort and breathability
- Internal foam padded palm to absorb shock and vibration
- Split goatskin leather fingertips for added durability
- TPR molded finger guards for maximum impact protection
- Reflective knuckle tape for visibility in low-light condition

APPLICATIONS:

Rebar handling, Demolition, Masonry and Tile, Steel Rod and Metal Fastening and Assembly, Auto Repair, Landscaping / Mining
