Safety for every industry.

AVAILABLE SIZES

SYNTHETIC LEATHER & ENHANCED GRIP

DESCRIPTION:

Made from premium soft synthetic leather with a smooth, durable finish, these gloves feature textured red grip panels, breathable perforated finger sections, reinforced stitching, and an adjustable wrist closure for a comfortable and secure fit.

FEATURES:

Premium soft synthetic leather construction for comfort, flexibility, and durability.
Textured red grip panels enhance club control and handling performance.
Breathable perforated finger sections improve ventilation and reduce hand perspiration.
Reinforced stitching increases durability and extends glove lifespan.
Adjustable hook-and-loop wrist closure provides a secure and customized fit.
Lightweight ergonomic design promotes natural hand movement and all-day comfort.
Abrasion-resistant palm and finger areas deliver reliable performance during repeated use.

APPLICATIONS:

Golf Playing, Driving Range, Golf Training, Tournament Play, Club Handling, Outdoor Sports
